ALLIED HEALTHCARE POSITIONS
ARE THESE WORKERS IN DEMAND?

65K
There’s an annual demand of 65K+ allied healthcare workers in California through 2024, resulting in a total of ~500K new workers by then.¹

2.3 million
The allied health sector includes a wide range of clinical, administrative, and support positions, from licensed vocational nurses and medical assistants to medical coders and health information technicians and radiologic technicians and laboratory workers. Their services are absolutely critical to the other health professionals they work with and the patients they serve.

2024↓
The supply of allied health professionals has been shrinking over the past five years and is projected to continue shrinking through 2024.²
