

Futuro Health is offering the opportunity for qualified applicants\* to enroll in our Community Health Worker (CHW) with Behavioral Health Emphasis Program.

The program is being offered tuition-free to those accepted into the summer 2021 program, which starts July 6.

**About Community Health Workers**

Community health workers (CHW) is one of the fastest growing job categories in the nation because CHWs play such an important role in the health of the people and communities. CHWs with behavioral health training are even more in demand. CHWs are great at engaging people in the prevention, management, and treatment of their health issues because they are trusted by the people they serve.

*CHWs are also known as:*

- Community outreach specialist or community service workers
- Health educators, health coaches or health representatives
- Wellness coordinators
- Promotores, and more

**Fast Facts about the Futuro Health Program:**

- This is a 9-month, self-paced, online program with an estimated 20 hours of week of study time.
- Participants who are accepted will be able to attend tuition-free thanks to Futuro Health scholarships.
- To ensure commitment and completion, participants are required to pay a one-time \$100 non-refundable registration fee.

Following completion of the program, students will be prepared to work in many kinds of settings with different kinds of people, including hospitals, primary care practices, community clinics, schools and more. Education is provided by Mercy College of Health Sciences and stacks into a BA in Public Health & Healthcare Administration.

**Minimum Qualifications**

- Be 18 years of age or older.
- Legally allowed to work in the U.S.
  - Be a California resident.
- Possess a high school diploma/GED.
- Be computer and internet proficient, with access to a computer and reliable high-speed internet.

**About Futuro Health**

Futuro Health is a non-profit organization focused on improving the health and wealth of communities by growing the largest network of credentialed allied healthcare workers in the nation.

We believe that investing in education and skills training and retraining results in better paying jobs for workers, better care for patients, and better workers for employers to hire.
