

Futuro Health is offering the opportunity for qualified applicants* to enroll, tuition-free, in our Healthcare Data Analytics Program, which will prepare you for an in-demand job as a Junior Data Analyst or Junior Business Intelligence Analyst.

About Junior Data Analysts/Junior Business Intelligence Analysts

Junior Data or Business Intelligence Analysts work within a team to translate data for healthcare, businesses, or government agencies. These individuals work in many specialties, including finance, accounting, health care, pharmaceuticals, technology, and in government agencies. These entry-level positions involve seeking and collecting relevant data, as well as documenting the information being processed. Job duties include gathering data, interpreting the statistics, writing reports, and designing charts and graphs.

Fast Facts about the Futuro Health Program:

- You'll learn about key analytical skills (data cleaning, data analysis, data visualization) and tools (spreadsheets, SQL, R programming, Tableau) that you can add to your professional toolbox.
- You'll gain an understanding of data-driven decision-making and how data analysts present findings.
- Upon completion, you'll earn a Google Data Analytics Certificate.
- The program is offered online and takes approximately 6 months to complete.
- To ensure commitment and completion, participants are required to pay a one-time \$100 non-refundable registration fee.

This fully online program reflects the growing influence of data in the delivery of care and is based upon a professional certificate developed by Google. You'll develop in-demand data analytics skills using spreadsheets, SQL, Tableau, R, and more!

Minimum Qualifications

- Be a California resident with the ability to work in the U.S.
- Have no felony conviction on record.
- Be willing to commit 3 hours per day (estimated at 15 hours per week) of study time.
- Possess a high school diploma or GED certificate.
- Be computer and internet proficient.
- Have home access to reliable high-speed internet.
- Have a working computer less than 7 years old.
