

Futuro Health is offering the opportunity for qualified applicants* to enroll in our Phlebotomy Technician program.

About Phlebotomy Technicians

The phlebotomist's role is to collect blood samples by skin puncture and other specimens from stool and urine. The integrity of these samples is essential as their use for clinical laboratory testing, blood bank donations, or research.

Phlebotomist's process and prepare blood and other body fluid specimens for on-site testing or transportation to another laboratory after collecting specimens.

Additionally, the phlebotomist assists in registering patients, checkup provider orders, and patient laboratory test results on computer information systems. Knowledge of medical terminology, some anatomy are needed, with data entry abilities.

Fast Facts about the Futuro Health Program:

- 2-6 months of training; clinical externship required times vary per program (non-paid).
- Participants who are accepted will be able to attend tuition-free thanks to Futuro Health scholarships.
- To ensure commitment and completion, participants are required to pay a one-time \$100 non-refundable registration fee.

Futuro Health apoya el éxito estudiantil a través de contenidos especializados, coaching personalizado y establecimiento de metas, incluso para estudiantes que hablan inglés como segundo idioma.
