

Futuro Health is offering the opportunity for qualified applicants\* to enroll in our Sterile Processing Technician program.

### About Sterile Processing Technicians

Sterile processing technicians are medical equipment preparers responsible for preventing the spread of disease by sterilizing and preparing medical equipment.

Technicians work in various healthcare settings such as hospitals and ambulatory surgery centers. The primary department within a healthcare facility where medical-surgical supplies and equipment, both sterile and non-sterile, are decontaminated, processed, sterilized, stored, and used for patient treatment.

Job titles also vary by location, such as central services technician, certified registered central service technician (CRCST), central sterile supply technician (CSST), or sterile preparation technician.

### Fast Facts about the Futuro Health Program:
